SHARIAH APPROVAL FOR PAYING ZAKAT FUNDS TO MUMTAZ WELFARE FOUNDATION

Introduction:

Mumtaz Welfare Foundation (MWF) is a Karachi-based organization that supports underprivileged communities across Pakistan. MWF is committed to serving everyone, regardless of race, class, or religion, and operates with a focus on humanitarian values, without any political, commercial, or sectarian ties.

Key Activities of MWF Include:

Monthly Food Support: Providing essential food supplies to over 100 deserving families each month.

Community Development: Installing wells, hand pumps, and solar panels in rural areas to provide sustainable access to clean water.

Educational Assistance: Supplying food, clothing, and monthly support to students in madrassas.

Healthcare Services: Running medical clinics in underdeveloped areas of interior Sindh, reaching over 10,000 people with the help of qualified doctors and ultrasound facilities.

Use of Zakat Funds:

Method of utilization of Zakat:

MWF's funding needs are met through general donations and Zakat contributions from individuals and companies. The Zakat funds received by MWF are strictly used to benefit eligible individuals. MWF carefully verifies the financial status of beneficiaries to ensure they qualify for Zakat and then obtains permission from them to manage Zakat on their behalf. This way, MWF can distribute the funds appropriately according to the needs of eligible beneficiaries.

Shariah Certification:

To ensure the Zakat process complies with Islamic guidelines, our company has been appointed as an independent Zakat consultant to review all related documents and procedures. After a thorough review, we confirm that MWF collects and spends Zakat funds according to Shariah principles. Anyone who donates Zakat to MWF can be assured that their Zakat will be used as per Islamic rules. May Allah forgive any mistakes in this work and reward the MWF team for their dedication.
